One structure. Endless ideas.

Stocco Fratelli

Una storia di famiglia dal 1984

Fondata nel 1984 come realtà a conduzione familiare, Stocco F.lli ha costruito la propria identità sull'eccellenza nella lavorazione dei metalli, evolvendosi costantemente per rispondere alle dinamiche del design contemporaneo.
Oggi l'azienda unisce esperienza artigianale e impianti industriali ad alta precisione — dal taglio laser alla robotica avanzata — gestendo internamente l'intero ciclo produttivo su oltre 10.000 metri quadrati coperti.
Con milioni di componenti e arredi realizzati per prestigiosi marchi internazionali e una presenza consolidata in 18 Paesi, l'attività trasforma ferro, acciaio e alluminio in soluzioni d'arredo solide, versatili e curate nel dettaglio.
Un know-how industriale al servizio del progetto, guidato da una costante attenzione a qualità, sostenibilità e affidabilità.

A family story since 1984

Founded in 1984 as a family-run business, Stocco F.lli has built its reputation on metalworking excellence, continuously evolving alongside the demands of contemporary design.
Today, the company bridges artisan expertise with high-precision industrial technology — from laser cutting to advanced robotics — overseeing the entire manufacturing process across more than 10,000 square meters of production facilities.
With millions of components and furniture elements produced for leading international brands and an established presence in 18 countries, it shapes iron, stainless steel, and aluminium into versatile, finely detailed furnishing solutions.
Industrial know-how dedicated to design, driven by an unwavering commitment to quality, sustainability and dependable execution.

Spazi contemporanei

Il sistema componibile D.13 reinventa la gestione degli spazi contemporanei, offrendo infinite configurazioni per l'home living, l'ufficio e contesti commerciali.

Contemporary spaces

The modular system D.13 redefines modern space layout ,
providing endless configurations for residential living, offices and commercial spaces.

Incontro di materiali

Elementi in legno personalizzabili
in varie finiture che creano contrasti raffinati
tra la modularita' del telaio e il calore del legno.

Where Materials Meet

Customizable wooden elements in various finishes which create refined contrasts between the modularity of the frame and the warmth of the wood.

La libertà di arredare

Con i componenti base e gli accessori optional, d.13 è la soluzione ideale per arredare i vostri ambienti: biblioteche, mediateche, vinoteche, musei. Possono essere usati come pareti divisorie mono e bifacciali, pareti ingresso, scarpiere, vetrine.

The freedom to furnish

With the basic components and optional accessories, d.13 is the ideal solution to furnish your environments: libraries, media libraries, wine bars, museums. They can be used as single and double-sided partition walls, entrance walls, shoe cabinets, showcases.

Eleganza

Qualunque sia il suo uso, d.13 si presenta sempre elegante, nella sua semplicità di forme e soluzioni.

Whatever its use d.13 is presented always elegant, in its simplicity of forms and solutions.
